

TERBIND SUPPLIES

○ THERMOLUX

○ THERMOMAT A perfect presentation of your document. The most popular cover. Transparent front cover allows to see the first page of your document. The back cover of ○ Thermolux is made of glossy cardboard resistant to dirt.

○ DIPLOMAT classic Hard thermal covers with high quality fabric texture paper on the outside. Splendidly looking, solid and expedient. They will protect your documents in a best possible way. Think of making imprintments on them.

○ OFFICE Covers made of cardboard imitating leather texture in very fine colours make your documents look very elegant. The front cover made of PVC is completely transparent.

○ THERMOLINEN Covers made of cardboard imitating linen embossed clothing in four different colours: black, maroon, navy blue and green. The front page made of PVC is perfectly transparent.
